*Aspire ~ Believe ~ Achieve*

Dear Parents/Carers,

Sports week has been a real highlight of the year. The children have had the opportunity to show all of our school values this week and they, as always rose to the challenge. We are so proud of their resilience and respect this week along with their ability to try new things and challenge themselves. They are demonstrating the ability to aspire, believe and achieve perfectly! Huge thanks to Mrs Jones, Mr Boulton along with sports crew for their organisation of the week along with the staff for all of their work this week. It's been incredible.

Have a wonderful weekend everyone.

Mrs Capel

## Dates for the Diary

### Term 6 – No parental attendance at this stage

21<sup>st</sup> July 2021  
2<sup>nd</sup> September 2021  
1<sup>st</sup> November 2021  
4<sup>th</sup> January 2022  
18<sup>th</sup> February 2022  
6<sup>th</sup> June 2022

## Race For Life

During Sports Week, all classes have made an extra special effort to support Cancer Research by running their own Race for Life. All the teachers were thrilled with the dedication by the year groups and we have raised over £160 for Cancer Research.

All the children receive a medal for their courageous effort and we were thrilled to be able to support such a meaningful cause.

If you would still like to donate you can do so at the link here:

## Mr Boulton's Walk for Tennis Balls

One day in April, Mr Boulton had an idea... but this wasn't just any idea. His idea was to walk to school. Not so unusual you might think, but Mr Boulton doesn't live in Pucklechurch, or even Bristol! This morning (Friday 25<sup>th</sup> June) Mr Boulton walked over 15 miles all the way to school! It took him over 6 hours and he set off when we were all sleeping soundly at 1am this morning, with only the strawberry supermoon for company!

So far, he has raised over £450 to help us buy new tennis balls and other PE equipment for school. Thank you so much Mr Boulton. We are so grateful for your incredible effort! Now, have a relaxing weekend and put your feet up.

If you would like to sponsor him, please visit the link below. Thank you!

## New Covid Symptoms

The COVID symptoms we all need to be aware of have also been added to as the Delta variant seems to have the following symptoms so please also be mindful of these;

- Headache
- Sore throat
- Runny nose

With hay fever being so severe at the moment this is very difficult to identify so if in doubt, please book a PCR test for peace of mind (home tests are not recommended for primary school children and PCR tests are more reliable). The other symptoms of a high temperature, persistent cough and loss of sense of taste or smell will still be relevant.

We do ask that you continue to wear masks on the school site and follow the one way system.

## Please, please help us

During the first school closures, we sent a lot of our reading scheme books home with the children so that they could keep practicing whilst the school was closed. We haven't had a lot of these books returned so please could you look under beds, in bookshelves etc and return any books that you find. Some colours have very few in them which is making it difficult for children to change their reading books.

## Reading

This week's results are:

- Seacole CD – 46%
- Armstrong KS – 42%
- Armstrong RF – 68%
- Armstrong AM – 42%
- Newton JB – 45%
- Newton GJ – 60%
- King SB – 50%
- King JC – 48%

Well done to Armstrong RF for being this week's reading champions!

## TimesTables Rockstars!

Well done to Miss Coleman's Top Rockers this week! These 3 students have accessed TT Rockstars the most out of everyone in the whole school this week:

1. Olivia – Armstrong AM
2. Katie – King SB
3. Imogen – Newton JB

## 1 Minute Science Challenge results!

Mr Ford loved watching all the entries for the 1 Minute Science challenge! After some careful deliberation we have the results...

- KS1; 1<sup>st</sup> place – Isabelle Clements, 2<sup>nd</sup> place – Rapha Gilmore
- KS2: 1<sup>st</sup> place – Emily Phillips, 2<sup>nd</sup> place – Zoe Robb

The first place winners will be considered when a final winner is being decided across our partner schools. Well done!

### Healthy relationships for adults

Relationships are important and should be equal, supportive, safe and free from pressure or violence. In short, they should be healthy. However, sometimes people do not enjoy the relationship they are in and feel under pressure to do things they do not want to do or are worried about their own or others behaviour.

For a range of support around relationships, including information on interactive online platforms, resources to use independently at home, and various contacts for further support, please visit the South Glos website at [Healthy relationships for adults | South Gloucestershire \(southglos.gov.uk\)](http://Healthyrelationshipsforadults|SouthGloucestershire(southglos.gov.uk))

### Sports Week – Seacole

Seacole loved the multi skills session with Josh; we learnt how to throw, catch, kick a ball, use a tennis racket, jump and run. The children worked really well as a team and were very enthusiastic.

### Sports Week – Armstrong RF

Armstrong RF have had a blast during sports week! We started the week with the race for life where we showed incredible commitment towards such a fantastic cause. We then completed our multi-skills challenges with Josh where we practised throwing, catching, jumping, and dribbling amongst others. The big day finally came on Wednesday when we showed great determination to do our best in all events and have lots of fun! Well done Armstrong RF!

### Sports Week – Armstrong KS

Armstrong KS have loved Sports Week this week, from the Race For Life on Monday, to multi-skills challenges with Josh on Tuesday and Sports Day on Wednesday! They've ran an impressive 146 laps for the Race For Life, practised throwing, catching, dribbling and jumping in Multi-Skills and showed an incredible amount of courage for all of the events on Sports Day, well done Armstrong KS!

### Sports Week – Armstrong AM

Armstrong AM have loved getting sporty this week! From getting stuck into their laps for our race for life challenge to competing in their races and even learning some new cricket skills. It has been great to see the sportsmanship between all of the children and the courage to take on new challenges. Well done Year 2!

### Sports Week – Newton JB

Year 3 have really had a great week showcasing their sporting abilities and their support for each other in houses. With lots of boys in the class it meant that the girls had a lot of work to do and in conjunction with the boys on Sports

Day did brilliantly. We loved getting to try futsal and exploring our multi-skills with Josh. We also made sure we helped the staff and sports crew run sports day smoothly. Race for Life showed our determination on our way to 386 laps.

### Sports Week – Newton GJ

Year 4 had a great week showing off their multiskills and trying their hand at futsal. We smashed through a combined total of 333 laps for our Race for Life and showed great team spirit during Sports Day.

### Sports week – King SB

Year 5 demonstrated amazing team skills this week and listened to instructions from our visitors and sports leaders in every activity. They amazed me with their ball handling skills in our football session and were incredible in the Race for Life challenge!

### Sports week – King JC

Year 6 have absolutely loved their final sports week at Pucklechurch. They have really enjoyed having a go at futsal and the multiskills competition as well as embracing their last sports day! Their highlight of the week was achieving the most laps across the school in the Race for life – 634!!
